About Bayou Federal Credit Union

Since December of 1954, Bayou Federal Credit Union has assisted members in "*Discovering the Difference*" – the Credit Union Difference. We are a cooperative financial institution, owned and controlled by the people who use our services – our members.

As a full-service financial cooperative, Bayou FCU offers members a complete line of financial products from investments to lending, as well as 24-hour service and online conveniences. As a not-for-profit financial institution, we exist to provide a safe, convenient place for members to save money and to obtain loans at reasonable rates. Our principle of "*Members Helping Members*" epitomizes the same philosophy that credit unions have held true to since 1935 when credit unions helped Americans through the Great Depression – *not for profit, not for charity, but for service.*
